

## Interested in becoming a volunteer?

We are very grateful for all of the hard work, enthusiasm and support we have received from our volunteers over the years and always welcome others to join our wonderful team! Our volunteers are a huge asset to the Gallery and we could not offer the range of exhibitions and programmes that we do without their help.

### Volunteers help with:

- Providing a friendly and welcoming first impression by staffing the front desk
- Minding the Gallery
- Advising visitors to Timaru about things to do in our region
- Helping with general office tasks such as mail outs of invitations and newsletters
- Answering visitor queries and providing knowledge about the Gallery and exhibitions
- Helping children with activities during our regular school holiday programmes

We are keen to match people with roles that suit their particular interests and skills so please let us know if there is a special project you are interested in, or you have a particular skill that you think would be useful.

### Benefits of volunteering:

- Meet new people and have the opportunity to socialise with a wide range of people
- Keep up to date with all of that is happening at the Gallery
- Help support the arts in South Canterbury
- Give back to your community
- Develop new skills
- learn more about art
